

## Internships and Theses

We offer high school students, trainees and university students a range of opportunities to launch their careers.

We enable you to combine theory and practice, develop your ideas even further and be actively involved in a position of responsibility at an early stage.

### Internships

Are you still at school or a student and as yet undecided as to which career path you wish to take?

We can help you with your decision-making by providing an insight, not only into an internationally operating company but also into your own strengths, opportunities and preferences.

We offer high school students, trainees and university students internships in the following fields:

- on construction sites
- in technical departments
- in construction management
- in finance and accounting
- in personnel
- in purchasing

Furthermore, we also offer vacation internships or jobs and internships at universities of applied sciences.

### Theses and dissertations

If you have a passion for research and innovative ideas, you are the right person for us.

No matter whether you are writing your thesis or dissertation, you will benefit from our competent team, international environment and our know how as a leading company.

Inspire us with your plans!

Please send any questions you have on training courses, internships or theses to: [karriere@ottindustries.com](mailto:karriere@ottindustries.com). We will contact you right away.

Our trainee supervisor, Ms Jacqueline Steinhof (telephone 02755-89105) will be happy to provide further information.
